

Bow Valley Credit Union

Our gift to you

Peace of mind and a little extra time

Skip your consumer loan or line of credit payment
for December or January, and breathe easier
this holiday season.

Interest continues to accrue and the amount of insurance coverage, if applicable, may be reduced. Consumer lines of credit will have the accrued interest charged to the current outstanding balance. All accounts must be current in order to qualify. Sufficient authorized limit must be available within the line of credit to include the accrued interest to qualify. Residential and commercial mortgages do not qualify for this promotion.
